

Job vacancy

Hewitt Associates is searching for a service oriented analyst

Job role

Hewitt Associates AB is looking for a competent and driven analyst with good knowledge of the SAS program to be a part of our support and analytics team.

Your role will include work tasks such as collection, cleaning and publishing of our national and international market data and reward surveys. You will also be responsible for analysing, interpreting and assessing the plausibility of the data as well as formulating conclusions.

Another important part of the job is to assist our clients in interpreting statistics as well providing support for our IT solutions used for statistical analyses, job evaluation, market data, etc.

The work of the support and analytics team also includes providing support to our consultants, whom you will have very close contact and collaboration with. You will also be involved in the development of new IT tools and statistical services, as well as conducting tests associated with the launching of new products.

Personal characteristics

You are service minded with good communication skills and a pedagogic capacity that ensures that you can assist the needs of internal as well as external clients. More over you are used to contacting and quickly establishing work relations with people. You have experience and feel comfortable using the telephone as a main line of communication.

About Hewitt Associates

Hewitt Associates is the worlds leading provider of HR-outsourcing and HR-consulting services. With office locations in over 30 countries and more than 23 000 associates Hewitt Associates is represented in Asia-Pacific, Europe and North and South America. For more information please visit www.hewitt.com

Qualifications

An educational background is within statistics is desirable, but a background in HR in combination with an interest and knowledge of statistics is also possible. Good IT knowledge is a requirement. At present we mainly use the SAS program, therefore knowledge of the program is a must to succeed in the job. Good knowledge of Excel is also an advantage.

As our corporate language is English proficiency in the language is a requirement.

Placement

The job is placed at our main office at Vanadisplan in Stockholm. It is situated near public transportation and the area offers a variety of restaurants and other services.

Interested? Apply now!

We look forward to your applications as soon as possible but no later than **November 18, 2009**.

Interviews will be held on a continuous basis. If you wish to receive more information on the placement please contact:
